NOTICE OF ALLOWABILITY

1. This action is in response to the Amendments filed September 8, 2003, September 30, 2003, and February 3, 2004, and to the Interviews of December 22, 2003 and February 3, 2004. Claims 1-8 and 10 were canceled by the Amendment of September 8, 2003; accordingly, the rejections of those claims set forth in the Office action of April 8, 2003 are moot. New claims 26-32, added by the Amendment of February 3, 2004, are now allowed.
2. It is noted that the remaining objections raised in the Office action of April 8, 2003 have been overcome in view of the following: the filing of a new Oath/Declaration on September 8, 2003, the amendments to the specification of September 8, 2003, and the filing of an abstract on September 8, 2003.
3. Regarding the Amendment to the specification filed September 30, 2003, it is noted that basis for the amendment may be found at, e.g., page 16, lines 7-9, and in Figure 2.
4. In accordance with 37 C.F.R. 1.126, allowed claims 26-32 will be renumbered as claims 1-7, respectively (see MPEP 608.01(j)).

Substance of the Interviews of December 22, 2003 and February 3, 2004

5. On December 22, 2003, the examiner contacted Applicant's representative and proposed additional amendments to the claims that would overcome remaining scope and indefiniteness issues and place the application in condition for allowance. Applicant's representative indicated that he would consult with the Applicant, noting that the Applicant was overseas and might be difficult to reach at this time. On February 3,

2004, Applicant's representative agreed to the proposed amendments, and submitted a supplemental amendment incorporating the proposed changes and providing the correct status identifier for canceled claims 1-25. The examiner agreed to review a supplemental IDS (for which Applicant's representative authorized the necessary fee) and to provide file copies of the cited foreign patent documents.

Information Disclosure Statement

6. Regarding the IDS filed February 3, 2004, it is noted that the examiner has provided the correct date for foreign patent EP 0222491 (see handwritten correction).
